TO BE DETERMINED

Road Reconstruction with Widening

This project is currently in litigation. Construction will begin when litigation is resolved. Design has moved forward and is nearly complete. Construction is expected to take two seasons, with proposed improvements to include the following:

- Widening and reconstruction of the roadway to two lanes in each direction with a center turn lane and medians
- 10-foot shoulders to accommodate designated one-way bike lanes and bus service on each side of the road
- Curb, gutter, park strips and five-foot sidewalks on both sides of the roadway
- Signal and intersection improvements at 2200 West, 2700 West, and 3200 West
- Street lighting to improve visibility and upgrade pedestrian and auto safety

Currently identified budget: \$36 million

NOTE: Schedule information listed above is estimated and could change without notice based on funding, scheduling constraints, stakeholder issues, and other unanticipated project elements.

Municipality (ies): South Jordan

Take care of what we have • Make the system work better • Improve safety • Increase capacity
